SAFETY DATA SHEET
EACO CHEM, INC.

Issue Date: 10/01/17  Revision Date:

1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

Product Name: EC 102 SOL

Recommended Use of the Mixture and Restrictions On Use:
Restricted To: For Professional Use Only
Uses Advised Against: Not Recommended for Household Use.

Details of the Supplier of the Safety Data Sheet
Manufacturers Address:
EaCo Chem, Inc.
765 Commerce Avenue
New Castle, PA 16101
724-656-1055

Emergency telephone number :
8:00 AM to 5:00 PM EST Monday-Friday  1-800-313-8505
Non-Business Hours (CHEM-TEL)   1-800-255-3924

2. HAZARDS IDENTIFICATION
2.1 Classification of Mixture
GHS Classification HCS 2012 (29 CFR 1910)

<table>
<thead>
<tr>
<th>Hazard Class</th>
<th>Category</th>

* The exact percentage (concentration) of composition has been withheld as a trade secret.

4. FIRST AID MEASURES

4.1 Description of First Aid Measures

General advice
Consult a physician. Show this safety data sheet to the doctor in attendance.
Remove contaminated clothing. Move out of dangerous area.

If inhaled
If breathed in, move person to fresh air. If not breathing, give artificial respiration.
Consult a physician.

In case of skin contact
Take off contaminated clothing and shoes immediately. Wash off with soap and plenty of water. Wash clothes off before reuse. Consult a physician.
In case of eye contact
Rinse thoroughly with plenty of water for at least 15 minutes. Consult a physician.

If swallowed
Do NOT induce vomiting. Rinse mouth with water. Never give anything by mouth to an unconscious person. Consult a physician immediately.

4.2 Most important symptoms and effects, both acute and delayed:
The most important known symptoms and effects are described in the labeling (see section 2.2) and/or in section 11

4.3 Indication of any immediate medical attention and special treatment needed:
No data available.

5. FIRE-FIGHTING MEASURES

5.1 Extinguishing media:
Combustible material. In case of fire use water fog, dry chemical, CO2, or “alcohol foam”.

5.2 Special hazards arising from the substance or mixture:
No data available.

5.3 Advice for firefighters:
If evacuation of personnel is necessary, evacuate to an upwind area. Use protective clothing and NIOSH-approved breathing apparatus.

5.4 Further information:
Keep containers and surroundings cool with water spray

6. ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions, protective equipment and emergency procedures:
Wear appropriate PPE. Evacuate the area and eliminate all sources of ignition. Persons not wearing the appropriate PPE should be removed from the area until the spill is cleaned up. Avoid run off to waterways or storm drains.

6.2 Environmental precautions:
Do not let product enter waterways or storm drains. Prevent further leakage or spillage if safe to do so.

6.3 Methods and materials for containment and cleaning up:
Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local, state and federal regulations. Keep in suitable, closed containers for disposal.

6.4 Reference to other sections:
For disposal see section 13.
7. HANDLING AND STORAGE

7.1 Precautions for safe handling:
Keep away from heat and sources of ignition. Protect against physical damage. Isolate from incompatible substances. Equipment should be electrically grounded. Empty drums contain residue (vapors, liquid) which may be hazardous. No smoking. Observe all warning and precautions listed for this product in section 2.2.

7.2 Conditions for safe storage, including any incompatibilities:
Keep container tightly closed in a dry and well-ventilated place at ambient temperatures. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

7.3 Regulatory Requirements: N/A

8. EXPOSURE CONTROL/PERSONAL PROTECTION

Engineering controls: Avoid contact with skin, eyes and clothing. Wash hands before breaks and immediately after handling the product. Ensure that eyewash stations and safety showers are close to the workstation location.

Ventilation Control: Provide adequate ventilation to control airborne concentration. In case of insufficient ventilation, wear suitable respiratory equipment.

Administrative controls: Educate and train employees in safe use of this product. Follow all label warnings and data sheet instructions.

Personal Protection: As prescribed in the OSHA Standard for Personal Protective Equipment (29 CFR 1910.132), employers must perform a hazard assessment of all workplaces to determine the need for proper protective equipment for each employee.

Eye Protection: Close fitting safety goggles. Face Protection shield if needed.

Skin and Body Protection: Wear protective gloves and protective clothing.

Respiratory Protection: NIOSH/MSHA approved respiratory protection should be worn to prevent irritation.
9. PHYSICAL AND CHEMICAL PROPERTIES
9.1 Information on basic physical and chemical properties
   a) Appearance Form: clear liquid
   b) Odor: solvent
   c) Odor Threshold: Not Determined.
   d) pH: not available
   e) Melting point/freezing point: No data available
   f) Boiling point: 212° F
   g) Flash point: > 150° F
   h) Evaporation rate: No data available
   i) Flammability (solid, gas): Not applicable
   j) Upper/lower flammability or explosive limits: No data available
   k) Vapor pressure: No data available
   l) Vapor density: No data available
   m) Relative density (Water = 1): 0.76 g/cm³ at 25 °C (77 °F)
   n) Water solubility: Nil
   o) Auto-ignition temperature: No data available
   p) Decomposition temperature: No data available
   q) Viscosity: Water thin
   r) Explosive properties: No data available
   s) Oxidizing properties: No data available

10. STABILITY AND REACTIVITY
10.1 Reactivity: No data available
10.2 Chemical stability: Stable under recommended storage conditions.
10.3 Possibility of hazardous reactions: No data available
10.4 Conditions to avoid: High heat, sources of ignition, and sparks.
10.5 Incompatible materials: Oxidizers and oxidizing compounds
10.6 Hazardous decomposition products: No data available
10.7 Other decomposition products: No data available
10.8 Other Information: In the event of fire: See section 5

11. TOXICOLOGICAL INFORMATION
11.1 Information on toxicological effects
Product Information:
   Inhalation: Can be harmful if inhaled
   Ingestion: Harmful if swallowed
   Eyes: Causes irritation and possible damage if left untreated.
   Skin: Causes irritation with prolonged contact. Skin contact may aggravate an existing dermatitis condition.

Germ cell mutagenicity: No data available
Carcinogenicity: No data available
Reproductive toxicity: No data available
Specific target organ toxicity - single exposure: No data available
Specific target organ toxicity - repeated exposure: No data available
Aspiration hazard: No data available
Additional Information: No data available

12. ECOLOGICAL INFORMATION
12.1 Toxicity: No data available
12.2 Persistence and Degradability: No data available
12.3 Bioaccumulative Potential: No data available
12.4 Mobility in Soil: No data available
12.5 Other Adverse Ecological Effects: An environmental hazard cannot be excluded in the event of unprofessional handling or disposal.

**13. DISPOSAL CONSIDERATIONS**
Waste Treatment Method: If possible, recover product for intended use. Waste must be disposed of in accordance with federal, state and local environmental control regulations.

Empty Container Precautions: No data available.

Contaminated packaging: Dispose of as unused product. Do not reuse container.

**14. TRANSPORT INFORMATION**
DOT Classification: Not regulated in containers < 119 gallons.
DOT Information: NA 1993, Combustible Liquid, n.o.s.. This product is regulated as a hazardous material according to the Department of Transportation only in Bulk quantities (greater than 119 gallons per package).

Important Note: Shipping descriptions may vary based on mode of transport, quantities, package size, and/or origin and destination. Consult your company’s Hazardous Materials/Dangerous Goods expert for information specific to your situation.

**15. REGULATORY INFORMATION**
This listing is to highlight federal level regulations of the product. Individual states, and other nations may have further regulations not listed below.

Classification of Mixture:

US Federal Regulations:
SARA 313: Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain a chemical or chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.
