## Environmental Statement

EaCo Chem Inc. is a developer of cleaning solutions for the masonry, construction and the transportation industries since 1987. [www.eacochem.com](http://www.eacochem.com)

Cleaning products need to be used following the guidelines stated on the product data and safety data sheets.

Federal, state, and local authorities regulate disposal of waste. In order to ensure compliance with these agencies, contact the proper local authorities for regulations regarding proper waste disposal methods in your area. Never release products or rinse water into storm drains, which in many cases has a direct discharge into waterways.

The Safety Data Sheet (SDS) information can be used to accurately indicate the hazards present in the product when contacting the sanitary treatment plant. The information given is in good faith. Final determination of the suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described, we cannot be sure or guarantee that these are the only hazards that exist. All products have been classified in accordance with the hazard criteria of the Code of Federal Regulations (CFR) and the SDS contains all the information required by the CFR.

Information on products manufactured by EaCo Chem Inc., which includes brochures, SDS page and product data specifications guidelines are readily available at [www.eacochem.com](http://www.eacochem.com).
